

Balbec brings the healthful benefits of perishable skincare inspired by traditional cultures into everyday health and beauty regimes. We use nutrient-dense ingredients that are raw, organic, live, wildcrafted, and cultivated without chemicals.

MOROCCAN CLAY & YOGURT CLEANSER
with patchouli & geranium

Moroccan Clay tones and softens the skin, improves skin clarity and texture, and is particularly beneficial for treating blackheads.

Live Organic Yogurt smooths skin through mild exfoliation while imparting probiotic benefits to the epidermis.

Patchouli is anti-inflammatory, helps to balance sebum production, & treats acne and infection.

Geranium is tonic and uplifting. It stimulates the lymph system and aids with cell regeneration. Geranium improves circulation and balances skin which is excessively oily or dry. This is a soft, clarifying cleanser for patchouli lovers.

Balbec cleansers are a trifecta of organic live yogurt, mineral-rich clays, and organic and wildcrafted aromatherapeutic essential oils. Free of substances that strip the skin of its fine lipid layer, Balbec cleansers are gentle. They detoxify the skin of dirt, debris, metals, and dead cells, leaving your skin comfortable, clean, and balanced. Each cleanser is hand blended and ideal for daily use. For the full experience, follow with a Balbec hydrosol and facial oil.

Balbec sources ingredients through channels which are committed to sustainable practices and fair worker compensation. Each product is free of parabens, phthalates, sulfates, gluten, and chemically derived preservatives.

Please refrigerate cleansers and hydrosols and enjoy by expiration date.

MOROCCAN CLAY
& YOGURT CLEANSER

with patchouli & geranium

Please take desired amount of cleanser with wooden spoon and massage into skin using circular motions. Rinse well using warm water.
Please avoid using a metal spoon with the cleanser as metal disrupts the natural electrical charge of the clay.

| <i>Ingredient</i> | <i>Properties</i> | <i>Benefits</i> | <i>Origin</i> | <i>Method of Extraction</i> |
|--|--|---|-----------------------|---|
| Yogurt* | Contains lactic acids and probiotics Cleansing and moisturizing Lactic acids gently exfoliate | Sunburns Dull skin Enlarged pores | USA | Pasteurized |
